Character list

CHARACTER LIST

ZOOM IN AND ZOOM OUT is a lyrical, sweet story about growth and learning to ask for help.

The play is staged in two halves, with chorus characters punctuating both. Each half offers 30 speaking parts. We recommend staging the play with two classes and switching the characters midway through at the transition scene (page 8). If you are a one-form entry school, we recommend Year One take Act One and Year Two take Act Two.

Roles can be cut or shared to suit your school.

There are some roles with more and some roles with less to say. For those with less lines, there is still lots to do on stage!

ZOOM IN AND ZOOM OUT is an ensemble piece and all roles are equally important.

Have fun!
